

## YOUR TRUSTED SOURCE IN IT SERVICES & SUPPORT

PCI specialises in IT network infrastructure, network administration, data security, network security, cloud solutions, disaster recovery, and business continuity. We have a full team of employees with extensive knowledge in both service and technology.

A simple motto is the reason why organisations choose us. We believe that actions speak louder than words, thus we let our actions speak for themselves by offering excellent and trustworthy services.

## Our History

PCI Was formed in 2007 at the founder's basement office. Started as company to provide conscientious service to the North American marketplace, the company grew to providing niche IT solutions large enterprise markets. In 2010 PCI started focusing on serving customers in the SMB marketplace with innovative solutions that would bring the enterprise technology to the marketplace at a fraction of the cost. Using our inhouse development expertise, 2015 saw PCI bring the visitor login product to SMB marketplace. In 2017 we saw a need for quality managed IT services for the SMB and PCI brought innovative Managed IT Services model to the marketplace. Fast forward to 2022 and we are a leading Managed IT Services provider in the marketplace.

## Core Values

PCI has stood by the core values it was founded on -Customer Satisfaction and Technical Expertise. Providing reliable solutions that work has been our focus and we believe in enhancing value for our customers so that they can benefit from the enhancements our solutions provide.

## Our People

Our engineers come with years of experience to provide tailored solutions and ensure that you remain on time and on budget. We are experienced IT professionals who are committed to ensuring that you enjoy optimum benefit from your investment.\*
